

PRIVACY POLICY FOR WEBSITE USERS

In accordance with art. 13 of Regulation (EU) 2016/679 "on the protection of natural persons with regard to the processing of personal data and on the free movement of such data" (hereinafter "GDPR")

In accordance with Regulation (EU) 2016/679 (hereinafter the "Regulation"), this page outlines the methods of processing the personal data of visitors to the S.C.M. *Tecnologie S.r.l.* company website, available online at the following address: <http://www.scmtec.com>

Personal data is processed in accordance with the principles of lawfulness and fairness and in compliance with all current applicable laws.

The information provided here does not relate to other sites, pages or online services that may be accessed via hypertext links published on the site and concerning resources outside of the Company domain.

DATA CONTROLLER

Data concerning identified or identifiable natural persons who visit the aforementioned site may be processed.

The Data Controller is the S.C.M. *Tecnologie* company, with registered offices in San Giorgio Bigarello (46051 - MN), Via Einstein, n. 6/A, Tel. +39 0376321936, E-mail: info@scmtec.com

LEGAL BASIS FOR PROCESSING

This site processes data based on consent. By using or visiting this site, visitors and users explicitly accept this privacy policy and consent to the processing of their personal data according to the methods and purposes described below.

TYPES OF DATA PROCESSED AND PURPOSES OF PROCESSING

a) Browsing data

During normal operation, the IT systems and software procedures responsible for running this website acquire certain personal data the transmission of which is standard when using internet communication protocols.

This category of data includes IP addresses or domain names of computers and terminals used by the users, the URI/URL (Uniform Resource Identifier/Locator) addresses of the requested resources, the time of the request, the method used to submit the request to the server, the size of the file received in response, the numerical code indicating the server response status (success, error, etc.) and other parameters relating to the operating system and the user's IT environment.

Such data, required to avail of the web services, are also processed for the purposes of:

- obtaining statistical information on the use of the services (most-visited pages, number of visitors per hour/day, geographical location of origin, etc.);
- checking that the services offered are working properly.

Browsing data is not stored for more than seven days (unless otherwise required by legal authorities for the purposes of investigating alleged offences).

b) Data provided by the user and handling contact request responses:

Data provided freely by the User via the contact "form", or by e-mail, will be processed for the purposes of handling the data subjects' requests.

Users may consent to the processing of their Personal Data to allow the Controller to handle and respond to requests concerning products and/or company initiatives, or regarding the Site ("contact" section of the Site). For such purposes, the user's consent is required at the time of submitting the request. If the user does not consent to the processing of their Personal Data for such purposes, it will not be possible to submit a request.

c) marketing activities:

If the visitor provides their explicit, freely given consent, the data obtained may be processed for commercial, promotional, informational and statistical purposes, as well as to identify potential customers using both online tools (e.g. newsletters, e-mail, etc.) and other means (hard copy, multimedia, etc.)

Personal data may also be processed for marketing purposes, specifically associated with supplying the requested products (for example: requesting information, registering with the website to view products, get quotes, etc.).

The Controller will also process the data for statistical analysis purposes, in anonymous form.

Processing will be performed using electronic methods and the data will be stored on the Controller's server.

USE OF ARTIFICIAL INTELLIGENCE SYSTEMS

While managing the website and handling users' requests, the Controller may make use of tools based on artificial intelligence systems solely as support tools (for example, to handle and respond to contact requests). During such use, personal data provided by the user through the site (for example via the contact form or by e-mail) may be processed. Such processing takes place for the same purposes and on the same legal basis indicated in this notice, in compliance with the principles of minimisation, security and confidentiality: the outputs produced by the systems are always subject to review by authorised personnel, no unnecessary or confidential data are entered into the tools, and the data are not used to train third-party systems in the absence of adequate safeguards.

The Controller does not use artificial intelligence systems to make decisions based solely on automated processing, including profiling, which produce legal effects concerning the data subjects or similarly significantly affect them within the meaning of Article 22 of Regulation (EU) 2016/679.

PROCESSING PERIOD

The data will be stored for the entire duration of the services requested by you, or for longer if required by law. You may exercise the rights provided for in articles 15-22 of the GDPR at any time, by contacting the Controller at the following e-mail address: info@scmtec.com

RECIPIENTS

The User can freely modify the information he or she enters in the "form" (including his or her e-mail address). Such information may be disclosed to an external company that acts as external Data Processor and that supports the Controller in managing the website and handling your request.

The Personal Data may be disclosed to and/or processed by:

- Legal or natural persons acting as external data processors, to whom tasks have been outsourced by the Controller or external data processors appointed by S.C.M. *Tecnologie S.r.l.* (including persons tasked with support, communication, marketing, advertising, promotional and sales activities for the products and/or services, as well as advertisers, advertising brokers, IT service providers, Website managers, electronic platform managers, partners, credit institutions and professional firms);
- The Controller's employees and/or collaborators (including system administrators) who, working under the direct authority of the latter, are authorised to process the Personal Data;
- Employees and/or collaborators of external data processors (including system administrators) who, working under the direct authority of the external data processors, are authorised to process the User's Personal Data.

WASTEWATER TREATMENT AERATION AND MIXING

info@scmtec.com | PEC: scmtecnologie@cert.mantovaexport.it

The User's Personal Data will not be sent or disclosed to third parties unless *S.C.M. Tecnologie S.r.l.* is required to disclose such data to consultants for the purposes of protecting its rights.

The website is hosted on a server located in an Italian data centre.

RIGHTS OF THE DATA SUBJECT

Data subjects are reminded that they have the right, at any time:

- to obtain confirmation from the Controller as to the existence of processing concerning their Personal Data, even if such data has not yet been recorded, and to receive such data in an intelligible form, and to access the Personal Data (and receive a copy of it) and the relevant information (including purposes of the processing, categories and source of the Personal Data, categories of recipients to whom they have or may be disclosed, storage period (if possible) and the rights that may be exercised);
- to demand that the Controller rectify their Personal Data and complete any incomplete data;
- to delete their personal profile from the Site, and demand that the Controller erase the relevant Personal Data without undue delay if, among other reasons, the Personal Data are no longer required for the purposes for which they were processed, or the legal basis for their processing no longer applies
- to withdraw consent to processing of their Personal Data for any of the purposes for which it was granted.
- to demand that the Controller anonymise or block Personal Data processed in breach of the law, including Personal Data that does not need to be stored for the purposes for which they were collected or subsequently processed
- to demand that the Controller restrict processing of their Personal Data if, among other reasons, their accuracy is contested or if the User objects to the processing, for the period required to perform the relevant investigation
- to receive their Personal Data in a structured, commonly used and machine-readable format and transmit the data or, if technically feasible, to have it transmitted directly to another data controller, without hindrance, in cases in which the processing is carried out by automated means and is based on consent, or is required to perform a contract to which he or she is party;
- The user may exercise his or her rights in relation to *S.C.M. Tecnologie S.r.l.* by visiting the "Contact" section of the Website, e-mailing the company at the following address info@scmtec.com or sending a registered letter to the address specified in the "Data Controller" section.

If the User withdraws his or her consent, or requests erasure of his or her data, it is hereby noted that it may no longer be possible for us to continue to properly provide the requested service.

Furthermore, any user who believes that his or her Personal Data is being processed in breach of Privacy Regulations may lodge a complaint with the Data Protection Authority with jurisdiction in the State where he or she lives or works, or where the alleged breach occurred, or may contact the aforementioned Authority to request information on exercising the rights provided for by Privacy Regulations.
